“We have a complicated disposition approval process. When speaking to OpenText product teams, it was fantastic to see our ideas incorporated into the new release. Content Suite 16 offers the ability to push disposition search results into collections, which allows people to work more effectively.”

Colleen MacNaughton
Corporate Content Management Team Lead
The City of Calgary

“The new web interface introduced with OpenText Content Suite 16, combined with Microsoft® Office Online integration, is seamless and simple to use, and it worked 'out-of-the-box' with zero effort on the part of the end user. For us, this is a win-win solution, resulting in easy collaboration and content management oversight, for both end-users and organizations alike!”

John Oram
Director, ICT & KM
CARE Canada

“Stage Stores' goal has been and will continue to be to provide our supplier partners with an easy, concise, and complete process/location to research their approved non-compliance violations. This 'switch trading partners' enhancement in OpenText Release 16 will only improve our suppliers' experience! Thanks for the continued support!”

Ken Lettre,
Vice President of Compliance and
Vendor Relations
Stage Stores

“The futuristic vision of OpenText Release 16 is what I call being ahead of the game. This release will enable us to collaborate, secure and digitize our business processes.”
